Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Thursday 01 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry tonight but some heavy showers developing on Friday.

This Evening and Tonight:
Dry and largely sunny this evening, occasionally hazy, followed by clear spells later. Becoming mostly cloudy with a few scattered showers during the early hours of Friday, especially across eastern parts. A mild night. Minimum temperature 11 deg C (52 deg F).

Friday:
Mostly cloudy with perhaps a few residual showers at first. Sunny spells developing for most during the morning, followed by sharp, heavy showers in the afternoon, locally thundery. Maximum temperature 20 deg C (68 deg F).

Outlook for Saturday to Monday:
Often warm by day, with bright or sunny spells but unsettled with showers, these widespread and locally heavy. Mist and low cloud may affect coasts. Fewer showers on Monday.
